## **The 11<sup>th</sup> IGAD Drought Disaster Resilience Platform Virtual Steering Committee Meeting**

### **KENYA PROGRESS REPORT**

**By James Oduor**  
**CEO – National Drought Management Authority**

**23<sup>rd</sup> July 2020**

# Agenda

- Progress on implementation of recommendations of the 10<sup>th</sup> PSC meeting
- Key updates on Implementation of Projects
- Key lessons learnt
- Recommendations

PSC Recommendation	Kenya's Achievement
<p><b>3.</b> Urges the IGAD Member States to <b>mainstream the CPPs within their long term plans (visions) and Medium Term Plans.</b></p>	<ul style="list-style-type: none"> <li>• These had already been achieved by Kenya before the last PSC.</li> <li>• Kenya has mainstreamed its CPP into the MTP III (2018-2022).</li> <li>• The EDE Medium Term Plan III has also been mainstreamed into the County Integrated Development Plans for the period 2018-2022.</li> </ul>
<p><b>5.</b> The IGAD Secretariat and Member States to further <b>strengthen regional, national, sub-national and cross border resilience coordination mechanisms.</b></p>	<ul style="list-style-type: none"> <li>• Kenya continued strengthening its coordination mechanisms through provision of dedicated funds for coordination (EDE: DRMC) and technical support through the NDMA – as secretariat and convener of coordination structures.</li> <li>• Kenya is in the process of commissioning a mid-term review (MTR) for the EDE to assess effectiveness, efficiency and sustainability of the coordination structures.</li> </ul>

## PSC Recommendation

## Kenya's Achievement

**6.** The IGAD Secretariat and Member States to promote research, dissemination and adoption of innovations/ technologies that are relevant for the implementation of IDDRSI and scale out resilience innovations.

- Seven PhD students have, with effect from June 2020 been provided with research funds through the NDMA. The students will focus on EDE issues that are of priority to Kenya and relevant to ASALs.
- Besides using remote sensing and the vegetation condition index (VCI) for early warning, Kenya is exploring use of pictorial evaluation tool (PET) in the assessment of forage and livestock body condition as part of drought early warning.

**7.** Member States to share data and information and facilitate the expansion of the 3w database in the region: and the Development Partners to provide financial and technical support for the regional 3w database.

- Kenya has adopted the 3W mapping tool. Staff from various State Departments were trained in February 2020.
- Kenya has commenced development of an online Knowledge Management and Sharing Platform for drought resilience that will be a 'one stop shop' for relevant knowledge products for drought resilience.

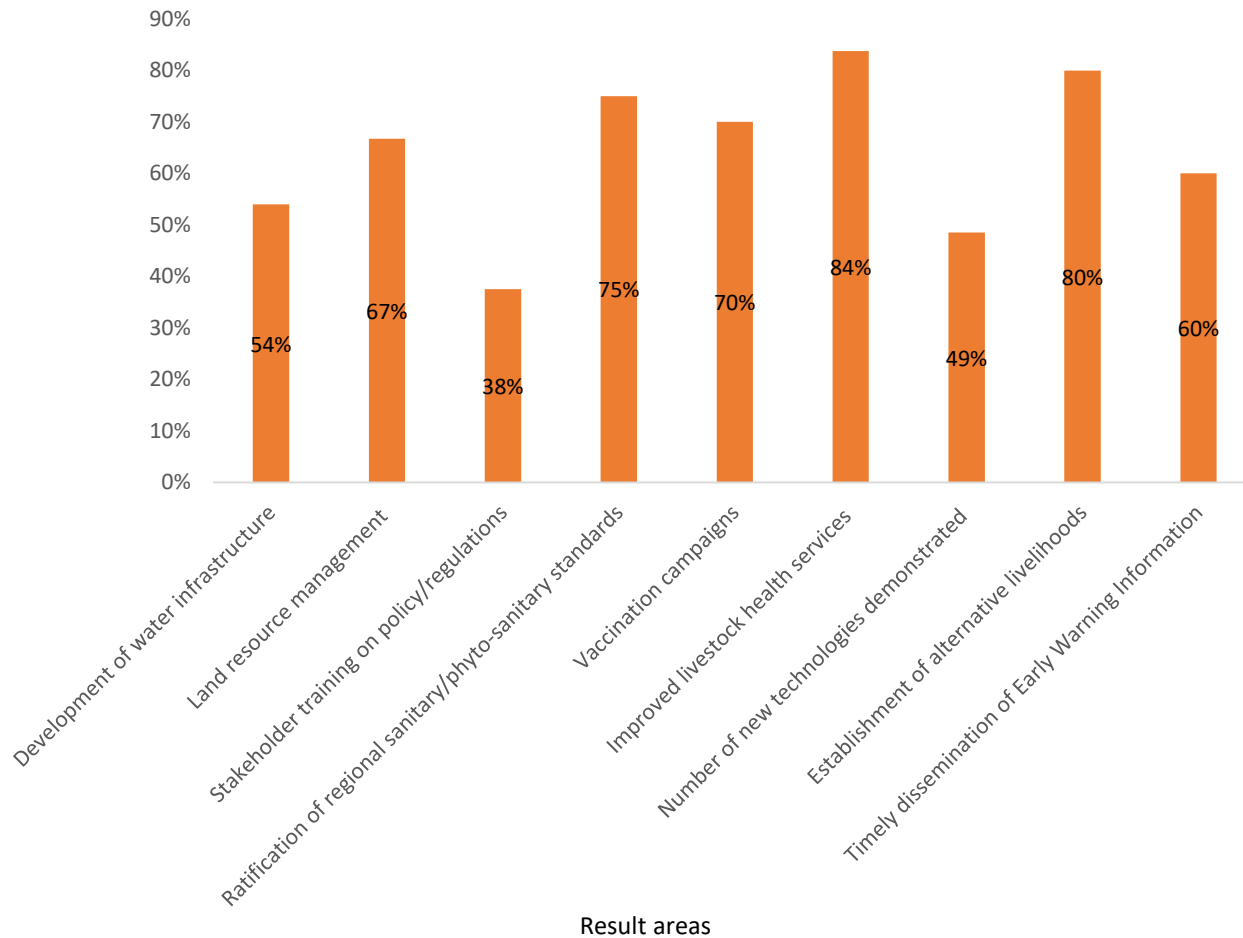

PSC Recommendation	Kenya's Achievement
<p><b>8.</b> PSC recommends the <b>adoption and launch of the revised IDDRSI programming frameworks.</b></p>	<ul style="list-style-type: none"> <li>• This was adopted and launched during the last IDDRSI Platform General Assembly held on 7<sup>th</sup> September 2019 in Nairobi, Kenya.</li> </ul>
<p><b>9.</b> Urges Member States and Development Partners to <b>pay special attention to the issues of migration and displacement; conflict sensitivity; youth; women and children; and persons with disability.</b></p>	<ul style="list-style-type: none"> <li>• This is a priority of the Kenya Government;</li> <li>• For example, all public entities must give at least 30% of their procurable to women, youth and people with disabilities;</li> <li>• There are dedicated funds to support these groups;</li> <li>• There is also 2/3 gender rule.</li> </ul>
<p><b>11.</b> <b>Engagement of the private sector in the implementation of IDDRSI, and recommends the development and application of the risk transfer mechanisms, including livestock and crop insurance.</b></p>	<ul style="list-style-type: none"> <li>• Kenya has livestock insurance scheme under the Ministry of Agriculture, Livestock and Fisheries.</li> <li>• Kenya is one of the Africa Risk Capacity (ARC) Member States.</li> </ul>

# Agenda

- Progress on implementation of recommendations of the 8th PSC meeting
- **Key updates on Implementation of Projects**
- Key lessons learnt
- Recommendations

# Regional resilience Projects: Regional Pastoral Livelihoods Resilience Project (RPRLP)

Percent completion of selected results under the RPRLP as at 30 June 2020

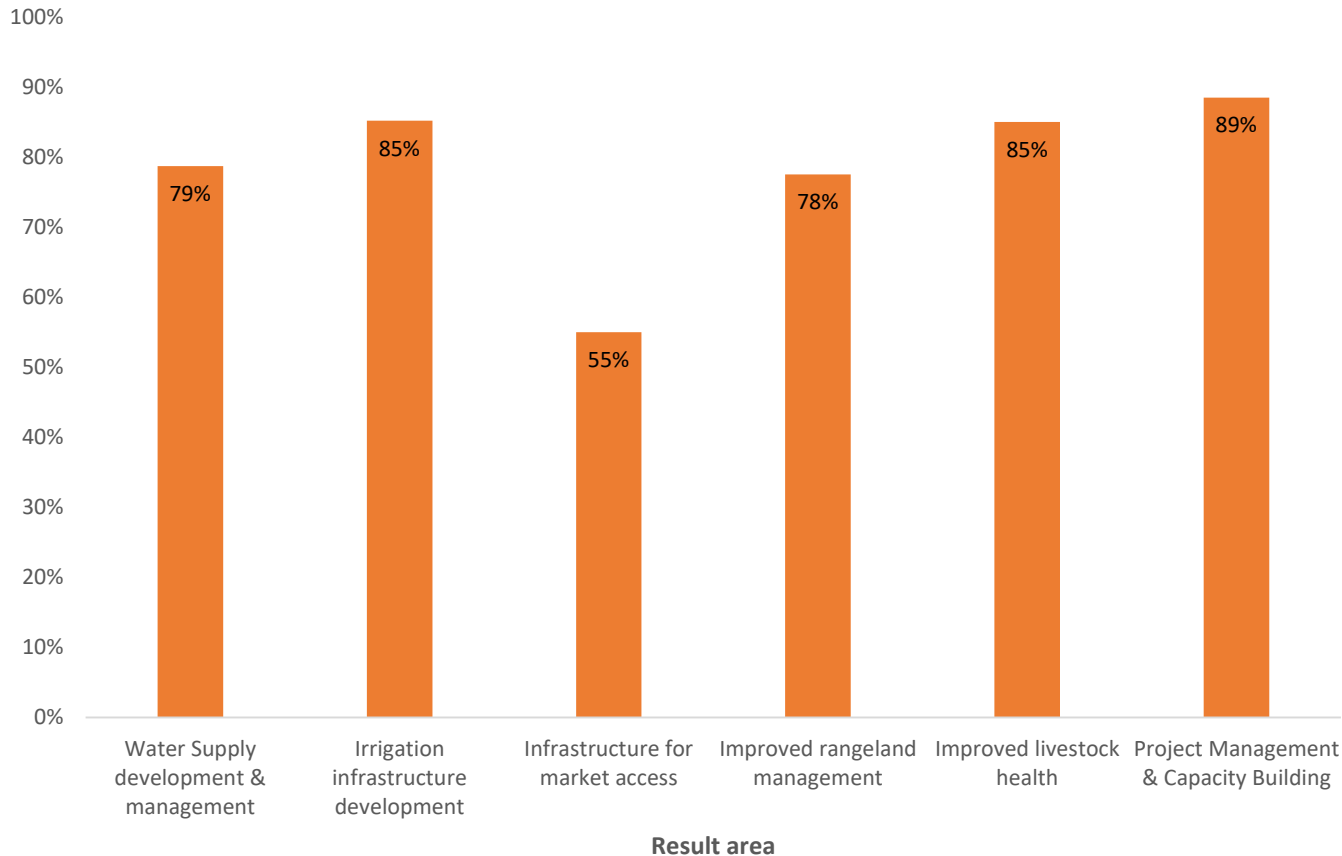

## ***Aim:* reduce vulnerability to drought related shocks**

- Worth US\$ 90.4 million. Funded by World Bank and GoK.
- Started in 2014 and was to end in 2019 and covers 14 counties.
- As at 30<sup>th</sup> June 2020, 79% of the budget had been disbursed, up from 68.2% during last PSC.
- Overall implementation status was 83%.
- Delivery of specific results is summarized in the graph.

# Regional resilience projects: Drought Resilience and Sustainable Livelihoods Programme (DRSLP)

Results completion rate in the DRSLP as 30 June 2020

## ***Aim:* enhance drought resilience and improve sustainable livelihoods**

- Worth US\$ 57.03 million and funded by AfDB & GoK.
- Started in July 2013 and was to end in June 2018 but extended by 2 years. It covers 6 counties.
- As at 30<sup>th</sup> June 2020, 58.7% of the budget had been disbursed compared to 43% during last PSC.
- Results delivery are summarized in the graph

## Sample of national resilience projects

Project	Cost (Billion Kshs)	Start Date	End Date	Completion Rate
Kenya climate smart agriculture (KCSAP)	27.9	July 2017	June 2022	12%
National agricultural and rural inclusive growth (NARIG)	21.9	July 2017	June 2021	10%
Kenya small scale irrigation and value addition (SIVAP)	7.068	July 2016	June 2024	17%
Thwake multi-purpose dam	42.6	2018	2022	39%
Garsen-Lamu- Witu road (175 km)	10.87	Feb 2017	Apr 2021	58%
Loruk-Barpelo road (62 km)	6.0	Oct 2017	Mar 2020	100%

## Sample of national resilience projects

Project	Cost (Billion Kshs)	Start Date	End Date	Completion Rate
Kenya Social and Economic Inclusion Project (KSEIP-HSNP III)	32.1	April 2019	June 2024	15%
EDE Support to Drought Risk Management and Coordination	4.24	Sept 2016	Oct 2020	95%
EDE Support to Resilient Livelihoods	4.31	Jan 2019	Dec 2023	7%
School Health and Nutrition Programme	1.85			56%
Low Cost Boarding Schools	0.4			99%

# Agenda

- Progress on implementation of recommendations of the 8th PSC meeting
- Key updates on Implementation of Projects
- **Key challenges and lessons learnt**
- Recommendations

## Key Challenges

- Inadequate funding.
- Delay in procurement processes for some projects.
- COVID-19 slowed project implementation in the last two quarters of 2020.

## Lessons Learnt

- Strong M & E mechanisms is paramount in providing evidence to support decisions.
- Stakeholder inclusivity is important to leverage resources.
- Local Peace Committees (LPCs) are valuable interface between the government and communities when responding to conflict and insecurity situations.

# Agenda

- Progress on implementation of recommendations of the 8th PSC meeting
- Key updates on Implementation of Projects
- Challenges and lessons learnt
- **Recommendations**

# Recommendations

- 1) IGAD Secretariat should support coordination structures – both at regional and national level. This includes supporting member states to mobilize resources for drought resilience.
- 2) Strengthen monitoring and evaluation to ensure continuous and effective tracking of progress at all levels.
- 3) Strengthen resource mobilization strategies with special focus on support to resilience building.

## In a Snap Shot

# Ending Drought Emergencies is a Worth Course

Mrs Aita Ekidor Eruma gets enrolled into Hunger Safety Net Programme and Social Protection single registry at her home in Kekeunae village, Lokichogio, Turkana County, in February 2020.

# Ending Drought Emergencies is a Worth Course

School feeding program. Kainuk girls, day and boarding primary school

Livestock marketing in Baringo County

Veterinary laboratory in Wajir County

Kamar Pasture Production in Baringo County

# Because Resilient Communities are the Ultimate Prize

**THANK YOU**

Kenya's Devolution and ASALs Cabinet Secretary Hon. Eugene Wamalwa hands over the IGAD Drought Resilience Leader 2011-2019 trophy to NDMA Board Chairman Mr Raphael Nzomo during the opening of the 2<sup>nd</sup> ASALs Conference held in Kajiado County in September 2019. The award recognizes Kenya as a resilience champion in the IGAD region, especially for institutionalizing drought management through establishment of the NDMA.
